

Proxy Assignment for Haul-Out

I, _____ do declare that I am the certified owner of the vessel

_____. I declare that the vessel is currently insured with a minimum of one million dollars worth of liability, and that I hold a Pleasure Craft Operator's Certificate (PCOC) or its equivalent. I declare that I have provided a copy of the vessel's insurance, in my name, as well as a copy of my PCOC card, or its equivalent, to the Foreshore Chair of the Canadian Forces Sailing Association (CFSA).

I wish to have the CFSA haul my vessel out of the water and/or re-launch the vessel but I am unable to be present on the relevant dates.

I wish to appoint _____ to act in my stead, as my proxy, during the haul-out and/or re-launch. Both myself and my proxy understand that my proxy accepts responsibility for my vessel and is aware of all CFSA rules and regulations and will abide by them. I further understand that I am ultimately responsible for any damages caused to or by my boat as a result of any actions by any CFSA volunteers or my proxy. My proxy possesses a PCOC card or its equivalent and will provide a copy or the number of her/his card to the CFSA Foreshore Chair.

I understand that although the CFSA may take a hand in maneuvering my vessel, they are in no way liable or responsible for any damage that may occur as a result of said maneuvers.
